

# The Psychiatry Department Presents

**Continuing  
Education  
Credit**

**Rise  
For  
Equity**

**With  
Mandilyn Graham  
MA, LCP, CCTP, CPC**

**Increase access to care**

Investigate how racism shows up in mental health care and makes it harder for patients to receive care

**Learn New Tools**

Learn tools to discuss race and racism with patients while respecting their diverse backgrounds

**Make an Impact**

Learn to apply these tools to help clients from marginalized communities deal with racial stress and trauma

## Join Us

Please join us for a talk with Mandilyn Graham. Ms. Graham will speak on Engaging, Managing, and Bonding Through Race (The EMBRace model). This is a racial socialization intervention created to address racial stress in marginalized communities. Attendees will explore the current state of race and racism in the field of behavioral health in order to critically evaluate the history, systems, and beliefs that contribute to present day health disparities. Clinicians will also be introduced to racial socialization as a practical tool to broach race and racism, through the lens of cultural humility, in the therapeutic space. Learn more about Mandilyn Graham at: <https://www.makeawaypsychology.com/>

The Cooper Health System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Cooper Health System takes responsibility for the content, quality, and scientific integrity of this CME activity. The Cooper Health System designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™ per session. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Successful completion of one hour of a continuing medical education (CME) course recognized by the American Medical Association, the American Osteopathic Association, or the American Podiatric Medical Association is equal to one hour of continuing education for New Jersey nursing license renewal (New Jersey Board of Nursing 13:37-5.3). All planners, faculty, and others participating in continuing medical education activities sponsored by The Cooper Health System are expected to disclose all financial relationships. Documentation will remain on file in the Department of CME.

The learner objectives for this activity are to improve diagnostic skills, increase knowledge of all psychiatric disorders, and discuss recent advances in all areas of psychiatry, psychopharmacology, psychotherapy, and evaluative techniques. The intended audience for this activity includes psychiatrists and psychologists. Other healthcare professionals including physicians from other disciplines, fellows, residents, medical students, nurses, therapists, and social workers may also participate.
