

CELEBRATE **#everyBODYmoves** ***Autumn Harvest***

We are looking to celebrate an Autumn harvest of patient stories. Share ways activity and mobility enhanced your patients' care and their stay here at Cooper.

Submit your patient stories for review by our Johns Hopkins Activity and Mobility Promotion Team. The winning submission with the most impactful patient story will be recognized and receive a pizza lunch for their unit.

The campaign is open now and runs through November 15, 4 p.m. for all submissions.

**CLICK HERE or scan the QR code
to submit your patient story.**
